Explanatory statement in terms of Section 102 of the Companies Act, 2013

Item No. 3

Pursuant to Regulation 24A of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended vide SEBI (Listing Obligations and Disclosure Requirements) (Third Amendment) Regulations, 2024, the Secretarial Auditors of the Company shall be appointed by the Shareholders of the Company based on the recommendations made by the Board of Directors.

Accordingly, the Board of Directors of the Company at their meeting held on 23rd May 2025 has recommended the appointment of MDS & Associates LLP (LLPIN: ABZ - 8060), Company Secretaries, Coimbatore as the Secretarial Auditors of the Company for a term of Five (5) consecutive financial years commencing from the financial year 2025-26 at a remuneration as may be mutually agreed between the Board of Directors and the Secretarial Auditors.

MDS & Associates LLP (LLPIN: ABZ - 8060), Company Secretaries, Coimbatore, have consented to their appointment as Secretarial Auditors of the Company.

The Board of Directors propose to pay a fee of Rs. 1,75,000/- (Rupees One Lakh Seventy Five thousand only) for the financial year 2025-26 exclusive of taxes and other out of pocket expenses incurred in connection with the audit to the Secretarial Auditors. The terms of appointment of the Secretarial Auditor will be specified by the Board of Directors of the Company.

The Board of Directors of the Company have considered the following credentials of MDS & Associates LLP, Company Secretaries, while considering their appointment.

MDS & Associates LLP, Company Secretaries based out of Coimbatore, Tamil Nadu presently has 3 partners and houses a team of qualified and seasoned professionals who bring together more than 35 years of rich experience and expertise knowledge in the field of Corporate and allied laws. The Firm undertakes Board Process Audits, Corporate Governance Audits, Secretarial Audits and Corporate Actions / Transactions based Due Diligence Audits for wide clientele including listed companies. The firm serves a wide array of clients across India in varied industries and has rich experience in undertaking secretarial audit assignments and also holds a valid Peer Review Certificate (bearing number 6468/2025) issued by the Institute of Company Secretaries of India and meets the criteria for appointment as prescribed under Regulation 24A of the listing Regulation.

Considering the above, the Board recommends the Ordinary Resolution as set out in Item No. 3 of the Notice for the approval of the Members.

Interest of Directors:

None of the Directors, Key Managerial Personnel of the Company or their relatives are interested or concerned, financially or otherwise, in the Resolution as set out in Item No. 3 of the Notice.

Item No. 4

The current term of Mr. Sumanth Ramamurthi as Chairman and Managing Director of the Company is set to expire on 31st March 2026. Considering his vast experience, leadership, and long-standing association with the Company, the Nomination and Remuneration Committee, pursuant to Section 178 of the Companies Act, 2013, at its meeting held on 21st May 2025, taking into account his significant contributions to the growth and development of the Company, recommended his re-appointment for a further period of five years, from 1st April 2026 to 31st March 2031. Pursuant to the provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Audit Committee at its meeting held on 23rd May 2025 also approved and recommended the same.

Based on the recommendations of the Nomination and Remuneration Committee and the Audit Committee, the Board of Directors, at their meeting held on 23rd May 2025, approved the re-appointment of Mr. Sumanth Ramamurthi as the Chairman and Managing Director of the Company, subject to approval by the shareholders.

Mr. Sumanth Ramamurthi, aged 65 years, holds a degree in Electrical Engineering and has over three decades of experience in the textile and engineering industries. Having joined the Company in 1992, he has played a pivotal role in steering the Company through various business cycles and has been instrumental in its strategic direction and operational excellence. He is a successful Industrialist with a wide and varied experience in the management of business and industry. He is in charge of the day to day operations of the Company and is assisted by a team of qualified and experienced professionals. Under his stewardship, the Company has achieved notable milestones and established a strong industry presence.

While Mr. Sumanth Ramamurthi will attain the age of 70 years during the proposed term of re-appointment, the Board of Directors is of the opinion that his continued leadership and vision will be immensely beneficial to the Company. In accordance with Section 196(3)(a) of the Companies Act, 2013, appointment of a person as a Managing Director/ whole-time director or manager, who has attained the age of seventy years may be made by passing a special resolution in which case the explanatory statement annexed to the notice for such motion shall indicate the justification for appointing such person. Keeping in view the rich experience, knowledge, and integrity he brings to the role, the Board is confident that the Company will continue to benefit from his seasoned guidance

and managerial acumen during this crucial phase of operations and recovery. The Company seeks consent of the members by way of special resolution for continuation of the holding of existing office of Mr. Sumanth Ramamurthi, after the age of 70 years under the provisions of Section 196(3)(a) of the Companies Act, 2013.

In view of the prevailing financial situation of the Company, and in a gesture of commitment and support, Mr. Sumanth Ramamurthi has consented to serve in the position of Chairman and Managing Director without drawing any remuneration during his proposed tenure. This decision reflects his deep dedication to the Company and its long-term interest, and the Board places on record its sincere appreciation of the same.

The Board strongly believes that the re-appointment of Mr. Sumanth Ramamurthi will provide continued leadership and strategic continuity at a time when the Company is navigating challenges and positioning itself for future growth. His industry knowledge, trusted leadership, and long-term vision make him exceptionally well-suited to lead the Company in the years to come.

Further, pursuant to the provisions of Section 196, 203, Schedule V and other applicable provisions, if any, of the Companies Act, 2013, the re-appointment shall be subject to the approval of the shareholders of the Company in the General Meeting. Hence, the Board recommends the resolution set out in Item No.4 of the Notice for the approval of the members.

The details as required under Regulation 36 of the SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015 and brief bio-data of Mr. Sumanth Ramamurthi and other disclosures as per Secretarial Standards 2 are furnished and forms a part of this Notice.

Interest of Directors:

Except Mr. Sumanth Ramamurthi, Mr. Sanjay Krishna Ramamurthi, Mr. Nikhil Govind Ramamurthi, who are the sons of Mr. Sumanth Ramamurthi, and their relatives, none of the other Directors or Key Managerial Personnel of the Company or their relatives is concerned or interested, financially or otherwise, in the resolution for appointment as set out in Item No. 4 of this notice.

Notes:

1. The General Circulars issued by the Ministry of Corporate Affairs ("MCA") vide its relevant Circulars issued during the years 2020, 2021, 2022, 2023 and 2024 permitted the conduct of the Annual General Meeting ("AGM") through Video Conferencing ("VC") / Other Audio Visual Means ("OAVM"), without the physical presence of the Members at a common venue. The same has been acknowledged by the Securities and Exchange Board of India vide its relevant Circulars issued during the years 2020, 2021, 2022, 2023 and 2024. Members holding shares in physical form may raise a service request at https://web.in.mpms.mufg.com/helpdesk/Service_Request.html for any assistance relating to the shares of the Company.

The shareholders may also note that as per advisory of SEBI, the Company's RTA has launched an investors' self-service portal 'SWAYAM' to access investor requests / services <https://swayam.linkintime.co.in>.

23. Members may kindly note that in accordance with SEBI circular dated 31st July 2023, the Company has registered on the SMART ODR (Securities Market Approach for Resolution through Online Disputes Resolution) Portal. This platform aims to enhance investor grievance resolution by providing access to Online Dispute Resolution institutions for addressing complaints. Members can access the SMART ODR Portal via: <https://smartodr.in/login>. Members utilize this online conciliation and/or arbitration facility, as outlined in the circular, to
-

resolve any outstanding disputes between Members and the Company (including RTA).

24. Members are requested to convert their holdings in dematerialized form to eliminate risks associated with physical shares and better management of the securities. Members are further requested to make all correspondence in connection with shares held by them by addressing letters directly to the Company Secretary of the Company or its RTA, namely, M/s. MUFG Intime India Private Limited (formerly known as “M/s. Link Intime India Private Limited”), “Surya”, 35, May Flower Avenue, II Floor, Behind Senthil Nagar, Sowripalayam, Coimbatore – 641028 by quoting the Folio number or the Client ID number with DP ID number.
25. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit the PAN to their Depository Participant(s) with whom they are maintaining their demat account(s). Members holding shares in physical form can submit their PAN details to the Company or RTA.
26. The Company has entered into agreements with National Securities Depository Limited (“NSDL”) and Central Depository Services (India) Limited (“CDSL”). The Depository System envisages the elimination of several problems involved in the scrip-based system such as bad deliveries, fraudulent transfers, fake certificates, thefts in postal transit, delay in transfers, mutilation of share certificates etc. Simultaneously, the Depository System offers several advantages like exemption from stamp duty, elimination of concept of market lot, elimination of bad deliveries, reduction in transaction costs, improved liquidity etc. Members, therefore, now have the option of holding and dealing in the shares of the company in electronic form through NSDL or CDSL. Members are encouraged to convert their holding to electronic mode.
27. Members are requested to forward their share related queries and communications directly to the Registrars and Share Transfer Agents of the Company – MUFG Intime India Private Limited (formerly Link Intime India Private Limited), “Surya” 35, Mayflower Avenue, Behind Senthil Nagar, Sowripalayam Road, Coimbatore – 641028; email id coimbatore@in.mpms.mufg.com or the Company Secretary of the Company; email id: investors@ssh.saraelgi.com.
28. Registration of email ID and Bank Account details:
- In case the shareholder’s email ID is already registered with the Company/its Registrar & Share Transfer Agent “RTA”/Depositories, log in details for e-voting are being sent to the registered email address.
- In case the shareholders have not registered his/her/their email address with the Company/its RTA/Depositories and/ or not updated the Bank Account mandate for receipt of dividend, the following instructions are to be followed:
- In case of shares held in physical form, kindly submit your updation request in the prescribed Form ISR-1 (hosted on the website of Company and RTA) to our RTA, MUFG Intime India Private Limited (formerly Link Intime India Private Limited).

Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014, (as amended) (including any statutory modifications, clarifications, exemptions or reenactments thereof for the time being in force), Regulation 44 of the SEBI (Listing Obligations and

Disclosure Requirements) Regulations, 2015 and Secretarial Standard on General Meetings (SS - 2), the Company is providing to its Members with the facility to cast their vote electronically from a place other than venue of the Annual General Meeting (“remote e-voting”) using an electronic voting system provided by M/s. MUFG Intime India Private Ltd (formerly known as “M/s. Link Intime India Private Limited”), as an alternative, for all members of the Company to enable them to cast their votes electronically, on all the business items set forth in the Notice of Annual General Meeting and the business may be transacted through such remote e-voting. The instructions to e-voting, as given below, explain the process and manner for casting of vote(s) in a secure manner.

- I. Any person, who acquires shares of the Company and becomes Member of the Company after dispatch of Annual General Meeting Notice and holding shares as of the cut-off date, i.e. Wednesday, 3rd September 2025, may refer to this Notice of the Annual General Meeting, posted on Company’s website www.superspinning.com for detailed procedure with regard to remote e-voting. Any person who ceases to be the member of the Company as on the cut-off date and is in receipt of this Notice, shall treat this Notice for information purpose only.
- II. The Members who have cast their vote by remote e-voting prior to the AGM may also attend/ participate in the AGM through VC / OAVM but shall not be entitled to cast their vote again. Once the vote on a Resolution is cast by the Member, the Member shall not be allowed to change it subsequently.
- III. The voting period begins on Sunday, 7th September 2025 (9.00 A.M. IST) and ends on Tuesday, 9th September 2025 (5.00 P.M. IST). During this period Shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date of Wednesday, 3rd September 2025 may cast their votes electronically. The e-voting module shall be disabled by MUFG for voting thereafter.

Review of Business Operations & Outlook for the current year

Your Company has taken a significant step in exiting the manufacture of yarn. During the year under review, your company has let out few portions of the factory and warehouse in Hindupur to have a stabilised income for the company and to set off against the losses accumulated on account of discontinued operations. Your company has also accelerated its efforts in order to identify potential clients to lease out the existing Super B unit that would increase the income of your company.

Your Company earned total income of Rs. 687.06 Lakhs during FY 2024-25 as against the income of Rs 706.88 Lakhs during the FY 2023-24. The profit before tax and exceptional items for FY 2024-25 was Rs. 172.41 Lakhs as against Rs 267.50 during the FY 2023-24. The Company has given few properties of the SUPER SARA unit on operating lease arrangements and the same is yielding significant revenue. The Company is exploring similar possibilities for SUPER B as well, which might be considered a bright light during the Company's difficult times.

Change in the nature of Business

Your company has exited the business of Textiles and it is currently focusing on the rental business of the company. There was no change in the nature of principal business of the Company during the financial year ended 31st March 2025. The company discontinued its operations in the "Textiles" segment and continues to operate in the "Rental Services" business segment.

Transfer to Reserves

The Company has not transferred any amount to the General Reserve during the year under review. However, the Losses of the FY 2024-25 along with Comprehensive Income have been adjusted against the retained earnings under the head "Other Equity".

Comments on Auditors' Report

There were no qualifications, reservations, adverse remarks or disclaimers made by M/s.C S K Prabhu and Co LLP (formerly C S K Prabhu and Co), Statutory Auditors in their reports excepting for the below mentioned facts.

S. No	Auditor Qualification or adverse remark	Directors Reply
1.	The software/application used for maintaining Payroll and Property, Plant and Equipment & Intangible Assets does not have a feature of recording audit trail (edit log) facility both at the application level and database level.	The management will take necessary steps to implement an appropriate audit trail feature during the current financial year.
2.	We are not able to verify the effective date from which the audit trail (edit log) facility for the accounting software "Tally" (used for maintenance of the accounting records by the Company) was operated during the year. Further the audit trail feature was not enabled at the database level throughout the year to log any direct data changes, for the accounting software "Tally" used for maintenance of the accounting records by the Company.	The management will ensure that the audit trail functionality is properly implemented and enabled, both at the application and database level, in the current financial year.
3.	In view of reporting requirement under point 2 above, we are unable to verify the preservation of the audit trail as per the statutory requirements for record retention.	The management will take appropriate corrective measures to ensure compliance with statutory record retention norms and prevent recurrence of such issues in the future.

4	According to the information and explanations given to us and the procedures performed by us and on an overall examination of the financial statements of the Company, we report that the Company has used funds raised on short term basis aggregating to Rs.1,831.01 Lakhs (Previous Year- Rs. 612.83 Lakhs) for Long term purposes.	The said position has arisen due to a negative net current asset position as on 31.03.2025. The management is confident that this situation will improve in the ensuing years with better operational and financial performance.

S. No	Auditor Qualification or adverse remark	Directors Reply
2.	During the year under review, the Company appointed two Directors in the capacity of Independent Directors, whose names were not included in the Director Databank at the time of their respective appointments. However, their names were subsequently added to the databank in compliance with Rule 6 of the Companies (Appointment and Qualifications of Directors) Rules, 2014.	The names of the two Independent Directors were inadvertently not included in the Independent Director Databank. However, the Company has since taken necessary corrective steps, and their names have been duly registered in the databank within a reasonable timeframe. The Company will ensure such instances do not recur in the future.

Management Discussion and Analysis

Industry Condition

The Indian Real Estate sector witnessed a strong growth in the past couple of years and is poised for an assuring growth in the future. The outlook is driven by a confluence of multiple factors including increasing urbanization, shifting demographics, aspirational lifestyle and supportive economic growth in the country. A number of factors are adding further impetus to the growth of the industry. The growth can be attributed to a growing residential demand, expected growth in sustainable workplaces, rising consumption and the needs of a growing population with higher income levels.

The real estate growth in India is unrivaled, with the market expected to expand to \$5.8 trillion by 2047, contributing 15.5% to the GDP from an existing share of 7.3%. The sector supports India's growing urban needs and has become the backbone of the nation's infrastructure. Moreover, the growth of the corporate sector has led to a higher need for commercial centers and housing projects, paving the way for rapid urbanization. India's real estate market is set for significant expansion, projected to grow from \$332.85 billion in 2025 to \$985.80 billion by 2030, with a CAGR of 24.25%. This rapid growth highlights the sector's increasing demand, investment potential, and evolving opportunities.

India's office market continues its upward trajectory in 2025, building on the momentum for the past two years. The fact that five of the seven major cities recorded over 2.0 million square feet of leasing each in a single quarter highlights the depth and vibrancy of India office market. Backed by diversifying occupier base, a steady pipeline and growing investor appetite, 2025-2026 is shaping up to be another impressive year for commercial real estate in India. Overall, office space demand looks well placed to reach 65-70 million square feet at least by the end of the year.

Review of Operations & Outlook for current year

In continuation to the closure of textile business operations during the year 2023-2024, your company has moved into the sector of Lease and rental business activity. It has identified through various sources and has leased some of its properties to be used as commercial and factory spaces on operating lease arrangements. Your Company's liabilities have significantly reduced and has started to provide for any contingent liability that may arise and the focus of the Company is shifting majorly towards rental services. It is anticipated that the Company will experience a rapid recovery in the foreseeable future.

Your company has currently Leased out few portions of factory and warehouse space at the Super Sara Unit in Hindupur. In addition, the company is currently looking at options to develop a Grade A commercial property within the company's existing land parcel with a joint development partner in Coimbatore. This would greatly expand the company's portfolio of leasable assets. The company has also accelerated its efforts to lease out its existing super B unit by launching various marketing campaigns. Your company is hopeful of finding a suitable tenant for the Super B unit very soon. Upon accomplishing these objectives, your company will look into using its other existing land parcels for new developments and will be looking to monetize all suitable assets of the company

Opportunities & Threats

Tier-II cities across India are witnessing a steady surge in office space leasing, marking a significant shift in the country's commercial real estate landscape. As companies look beyond traditional metros like Bengaluru, Mumbai, and Delhi-NCR, cities such as Coimbatore, Mysuru, and Bhubaneswar are emerging as promising growth destinations. Overall, real estate experts say rapid urbanization, infrastructure upgrades, and rising employment opportunities can spur commercial real estate growth in multiple Tier II and III cities. These cities are likely to complement the established office markets increasingly over the next few years. In the last 3-4 years, several

multinational companies have leased over 10.87 lakh square feet of office space in Coimbatore, marking a significant shift in commercial real estate activity in the city. The total value of these lease transactions stands at approximately ₹ 402.26 crore, reflecting growing confidence among global firms in Tier II city markets.

Your company has moved to rental and leasing activity with assets in Hindupur and Coimbatore, it has let property for leasing and is also planning for the right opportunity to invest and construct commercial properties in the existing land to increase the income for the company and its stakeholders.

A slowdown in the Indian or global economy (e.g., due to inflation, geopolitical tensions, or recession) can reduce demand for office spaces. Rapid construction activity in Tier-II cities could lead to an oversupply of commercial spaces, driving down lease rates and property values. Coimbatore is already attracting large-scale leasing—if supply outpaces demand, rental yields may stagnate.

Risks and concerns

The Company is exposed to a number of risks such as economic trends, income uncertainty, delay in project completion, High operational costs, regulatory, taxation and environmental risks as well as sectoral investment outlook. In India, A significant barrier to enter into commercial real estate is the high initial investment and vacant property, but your company is trying to mitigate the risks by entering into collaborative agreements to synergize the resources and has all plans in place to overcome such risk and concerns.

Health, safety and Security Environment

Your Company has always been adopting all possible safety measures concerning the health and safety of the staff at all levels. Your company is committed to provide all its employees with a healthy and safe work environment.

Human Resources/Industrial Relations

Industrial relations remained cordial during the period under review. Necessary measures are being adopted to improve the life, work culture, productivity, efficiency and effectiveness of the workers and staff at all levels. The Company has 5 employees on roll as on 31st March 2025.

Internal control systems and their adequacy

The Company has a robust and well-embedded system of internal financial controls. This ensures that all assets are safeguarded and protected against loss from unauthorized use or disposition and all transactions are authorized, recorded and reported correctly. An extensive risk-based programme of internal audit and management reviews provides assurance on the effectiveness of internal financial controls, which are continuously monitored through management reviews, self-assessment, functional experts as well as by the Statutory/ Internal Auditors during their audits. The internal audit plan is also aligned to the current business objectives of the Company, which are reviewed and approved by the Audit Committee. Further, the Audit Committee monitors the adequacy and effectiveness of the Company's internal control framework.

The internal financial control policies and procedures followed and adopted by the Company for ensuring orderly and efficient conduct of the business are adequate and operating effectively. The adequacy and effectiveness of the internal control systems is also being periodically reviewed by the Audit Committee of the company and a report of auditors pursuant to Section 143(3)(i) of the Companies Act, 2013 certifying the adequacy of internal financial controls is annexed with the Auditors report.

Discussion on financial performance with respect to operational performance

Independent Auditors' Report on Financial Statements**To the members of Super Spinning Mills Limited****Report on the Audit of the Financial Statements****Opinion**

1. We have audited the Financial Statements of Super Spinning Mills Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2025, the statement of Profit and Loss including other comprehensive income, the statement of changes in equity, the Cash flow statement, and notes to the financial statements for the year then ended, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2025, its loss and other comprehensive income, changes in equity, and its cash flows for the year ended on that date.

Basis for opinion

3. We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in *the Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key audit matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the financial year ended 31 March 2025. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

Key Audit Matters	How the key audit matter was addressed in our audit
<p>4.1 Impact on Going Concern Assumption as a result of discontinuation of Textile Activity and evaluation of impairment on the textile activity assets</p> <p>The Textile segment has incurred losses for various years and had been functioning below rated capacities and with varying revenue year to year. The Company has discontinued the textile segment activity and has also re-classified the Property, Plant and Equipment specifically related to textile segment activity as Investment Property during the financial year 2023-24.</p> <p>Considering the fact that the assets and liabilities of such discontinued activity (textile segment) have significant impact on the overall assets of the entire company and therefore affect the going concern principles. Considering the existence of doubt related to the conditions which cast significant doubt on going concern assumption and further the consequential assessment of impairment of such assets related to the discontinued activity as a cash generating unit, this has been considered as a key audit matter.</p>	<p>We have evaluated the management’s assessment of the Company’s ability to continue as a Going Concern, which included Financial, Operational and other events/conditions. Our Evaluation of the assessment of Going Concern assumption included the following:</p> <ul style="list-style-type: none"> • Evaluation of the process, the management followed to make its assessment • Assumptions on which the assessment is based and management’s plans for future action and alternate business plans available to the management • Feasibility of management’s plans in the circumstances. • Medium and long-term financing ability of the Company and management/group’s ability to fund and meet the company’s obligations under support arrangement. • Past practices followed, strategies and alternate usage of assets of the company by the management, and Cash flow forecasts prepared by the management. • Inquiries with the management of events or conditions beyond management’s assessment • Reviewed subsequent events and facts that become known to us occurring between the date of the financial statements and the date of auditor’s report. <p>Based on the above assessment we have obtained sufficient appropriate audit evidence about the appropriateness of the management’s use of Going Concern assumption and concluded that there is no material uncertainty about the Company’s ability to continue as Going concern.</p> <p>Further we have also evaluated the management’s estimate of the recoverable amount of the assets of the textile activity and the management’s conclusion and impairment provision arrived thereon.</p> <p>Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report.</p> <p>Our Opinion is not modified in respect of this matter.</p>

Key Audit Matters	How the key audit matter was addressed in our audit
<p>4.2 Disputed tax & other liabilities (Refer Note No:3(q) & 37 (a)(i),(ii) and (iii) to the Financial Statements)</p>	
<p>The Company is required to discharge direct and indirect tax obligations under various legislations, as may be applicable.</p> <p>The tax authorities have raised certain tax demands on the Company in respect of the past periods. The Company has disputed such demands and has appealed/ contested against them at appropriate forums. As at March 31, 2025 the Company has an amount of Rs. 681.55 Lakhs (Previous Year- Rs. 670.33 Lakhs) determined pertaining to various pending tax litigations.</p> <p>Ind AS 37 requires the Company to perform an assessment of the probability of economic outflow on account of such disputed tax matters and determine whether any particular obligation needs to be recorded as a provision in the books of account or to be disclosed as a contingent liability. Considering the significant degree of judgement applied by the management in making such assessments and the resultant impact on the financial statements, we have considered it to be a key audit matter.</p>	<p>In assessing the exposure of the Company for the tax litigations, we have performed the following procedures:</p> <ul style="list-style-type: none"> • Obtained an understanding of the process laid down by the management for performing their assessment taking into consideration past legal precedents, changes in laws and regulations etc. • Assessed the processes and entity level controls established by the Company to ensure completeness of information with respect to tax litigations. • Obtained suitable representations from the management with respect to tax litigations and the forum where they are pending including the issues under litigation. • The grounds of dispute taken by Management were considered to enable us to take a judgement. These matters continue to remain in the same status as in the previous year. <p>Our Opinion is not modified in respect of this matter.</p>
<p>4.3 Fair value measurement of Investment in Equity Shares of Andhra Pradesh Gas Power Corporation Limited (Refer Note 6 to the Financial Statements)</p>	
<p>As at 31 March 2025, the cost of investment in 9,38,000 Equity Shares of Andhra Pradesh Gas Power Corporation Limited amounted to Rs.1326.05 lakhs (Previous Year – Rs. 1326.05 Lakhs). The investment was remeasured at its fair value, which stood at Rs.Nil as at 31 March 2025 (Rs.Nil as at 31 March 2024)</p> <p>The fair value of the investment in such investment are assessed based on assumptions that require the management to exercise their judgement. As a result, the company recorded a total fair value adjustment for the year ended 31 March 2025 amounting to Rs. Nil Lakhs (for the year ended 31 March 2024 Rs.403.59 Lakhs). We focussed on this area due to significant carrying amount of the investment and the significant management judgement and estimates involved in measuring the fair value.</p>	<p>We performed the following principal audit procedures in relation to the management's estimation of the fair value of the investments:</p> <p>a) Evaluated the design and implementation and tested the operating effectiveness of the controls (including techniques) relating to management's assessment of fair value amount of investment.</p> <p>b) Evaluated the Disclosures made in the financial statements and the related compliance with the requirements of the applicable accounting standards.</p> <p>Our Opinion is not modified in respect of this matter.</p>

Key Audit Matters	How the key audit matter was addressed in our audit
<p>4.4 Provision for Electricity Claims (Refer Note 23 & Note 37(a)(iv) to the Financial Statements)</p>	
<p>The Company is a shareholder of Andhra Pradesh Gas Power Corporation Limited (APGCL) and has been consuming power from the corporation in the past. The Company is also a power consumer with Southern Power Distribution Company Limited (SPDCL). There are several power disputes between APGCL, SPDCL and the Company (both in the capacity as shareholder of APGCL and as a power consumer of SPDCL) relating to past several years pending in different forums. The issues under dispute range from tariff rates, levy of wheeling charges, monthly rent consumption, peak hour energy allocation, surplus allocation charges, amongst others. Both APGCL and the Company have filed court cases against SPDCL and the issues are pending in various forums. The Company has obtained information that APGCL has suspended its operations as on date. Meanwhile an amount of Rs. 8,114.17 Lakhs (Previous Year – Rs. 6,957.64 Lakhs) [Current Consumption Charges Rs.3,663.08 Lakhs (Previous Year – Rs. 3,574.25 Lakhs) and Surcharge Rs.4,451.08 Lakhs (Previous Year – Rs. 3,383.39 Lakhs)] appears as arrear outstanding in the electricity bills of SPDCL during the year. Despite the management’s best effort to obtain the details and basis of charge of such unilateral claim made by SPDCL, the company has not been able to obtain any information from SPDCL and APGCL. The management has made an overall assessment of all such claims. The management has also considered the fact that some of the claims by SPDCL have been settled by the Company to APGCL and may not fall back on the Company. The management has also reviewed the status of the various disputes pending in different forums. The management has also taken note of APGCL’s ability to timely defend legal cases considering that the corporation has suspended operations. Considering all the above factors, the management has estimated on the basis of available data an amount of Rs.1,907.56 Lakhs (Previous Year – Rs. 1,055.32 Lakhs) as Electricity Payables and such amount has been provided in the books of account as at 31 March, 2025. The balance of the disputed claim is disclosed as contingent liability in Note 37 (a) (iv) of the financial statements. Considering the significant degree of judgement applied by the management in making such assessments and the resultant impact on the financial statements, we have considered it to be a key audit matter.</p>	<p>We have evaluated the following principal audit procedures in relation to the management’s estimation of the amount payable in this regard. Our Evaluation of the provision for electricity claims included the following:</p> <ul style="list-style-type: none"> • Obtained an understanding of the filed court cases and the issues pending in various forums. • Assessed the controls established by the Company to ensure completeness of information with respect to litigations. • Obtained suitable representations from the management with respect to litigations and the forum where they are pending including the issues under litigation. • The grounds of dispute taken by Management were considered to enable us to take a judgement. • The Company’s representation that APGCL was permitted to generate power and sell independently without depending on SPDCL and further that the claims from SPDCL is for the same supply of power from APGCL for which due charges have been paid. • Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. <p>Our Opinion is not modified in respect of this matter.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

5. The Company's management and Board of Directors are responsible for the preparation of other information. The other information comprises the information in the Company's Annual Report, but does not include the Financial Statements and our auditor's report thereon.
6. Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.
7. In connection with our audit of the Financial Statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.
8. If based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibilities for the Financial Statements

9. The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind AS") specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.
10. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
11. In preparing the Financial Statements, the management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management and the board of directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
12. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

13. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
 14. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls.
-

-
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management and the board of directors.
 - Conclude on the appropriateness of management and the board of director's use of the going concern basis of accounting in preparation of financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
15. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
16. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
17. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

18. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A, a statement on the matters specified in the paragraph 3 and 4 of the order, to the extent applicable.
19. (A) As required by Section 143 (3) of the Act, we report that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company, in electronic mode on servers physically located in India, so far as it appears from our examination of those books except for the matters stated in the paragraph 19 B (f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014. Management has represented to us that the process of taking daily backups is in place, however, we are unable to comment on the same due to absence of backup logs. Refer Note 47 (ii) to the Financial Statements.
 - (c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - (e) On the basis of the written representations received from the directors as on 31 March 2025 and taken on record by the Board of Directors, none of the directors are disqualified as on 31 March 2025 from being appointed as a director in terms of Section 164(2) of the Act;
 - (f) The modifications relating to the maintenance of accounts and other matters connected therewith are as stated in the paragraph 19(A)(b) above on reporting under Section 143(3)(b) of the Act and paragraph
-

19(B)(f) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014.

- (g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in “Annexure B”;
- (B) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- a) The Company has disclosed the impact of pending litigations as at 31 March 2025 on its financial position in its financial statements, wherever applicable – Refer Note No:37 to the Financial Statements.
 - b) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - c) On the basis of the declarations made to us by the management, which is relied upon by us, we report that there has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company
 - d) (i) The Management has represented that, to the best of its knowledge and belief (as disclosed in Note No: 47(xii)(A) to the Financial Statements) no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Company or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
 - (ii) The Management has represented that, to the best of its knowledge and belief (as disclosed in Note No: 47(xii)(B), to the Financial Statements) no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other person(s) or entity(ies) identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Parties or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, performed by us, nothing has come to our notice that has caused us to believe that the representations under paragraph 19 (B) (d) (i) and 19 (B) (d) (ii) contain any material mis-statement.
 - e) The company has not declared or paid any dividend during the year. Hence reporting in respect of compliance with section 123 of the Companies Act, is not applicable.
 - f) As stated in Note 45 of the Financial Statements and based on our examination which included test checks, except for instances mentioned below, the Company, in respect of financial year commencing from 01 April 2024, has used accounting software for maintaining its books of accounts, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software. Further, during the course of our audit, we have not come across any instance where the audit trail (edit log) facility has been tampered with, other than the consequential impact of the exception given below:

Nature of exception noted:	Details of Exception:
1. Instances of accounting software(s) for maintaining books of account which did not have a feature of recording audit trail (edit log) facility for all relevant transactions recorded in the software.	The software/application used for maintaining Payroll and Property, Plant and Equipment & Intangible Assets does not have a feature of recording audit trail (edit log) facility both at the application level and database level.

2. Instances of accounting software(s) for maintaining books of account for which the feature of recording audit trail (edit log) facility was not operated throughout the year for all relevant transactions recorded in the software.	We are not able to verify the effective date from which the audit trail (edit log) facility for the accounting software "Tally" (used for maintenance of the accounting records by the Company) was operated during the year. Further the audit trail feature was not enabled at the database level throughout the year to log any direct data changes, for the accounting software "Tally" used for maintenance of the accounting records by the Company.
3. Instances of preservation of the audit trail as per the statutory requirements for record retention.	In view of reporting requirement under point 2 above, we are unable to verify the preservation of the audit trail as per the statutory requirements for record retention.

(C)With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and according to the information and explanations given to us, the remuneration paid/provided by the Company to its directors during the current year wherever applicable is in accordance with the provisions of Section 197 of the Act. The remuneration paid/provided to any director wherever applicable is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under section 197(16) of the Act, which are required to be commented upon by us.

Annexure - A to the Independent Auditors' Report on the Financial Statements of Super Spinning Mills Limited for the year ended 31 March 2025

With reference to the Annexure - A referred to in Paragraph 18 under "Report on Other Legal and Regulatory Requirements" section of our Independent Auditors' Report of even date to the members of the Company on the financial statements for the year ended 31 March 2025, we report that:

- (i) (a) (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and Investment properties. Refer Note 4 (e) to the Financial Statements.
 - (B) The Company is maintaining proper records showing full particulars of Intangible Assets, wherever applicable. Refer Note 4 (e) to the Financial Statements.
 - (b) According to the information and explanations given to us, the company has a regular programme of physical verification of its Plant Property and Equipment by which they are verified once in three years. In accordance with this programme, certain Plant Property and Equipment were verified during the year and we are informed that no material discrepancies were noticed on such verification. In our opinion, this frequency and periodicity of physical verification is reasonable having regard to the size of the company and nature of its assets. Refer Note 4 (e) to the Financial Statements.
 - (c) On the basis of our examination of the records of the Company and such documents provided to us, the title deeds of all the immovable properties, disclosed in the Financial Statements, are held in the name of the company. Refer Note 4 (a) to the Financial Statements.
 - (d) On the basis of our examination of the records of the Company, the Company has not revalued its property, plant and equipment or intangible assets or both during the year. Refer Note 4 (b) and 4 (c) to the Financial Statements.
 - (e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings that have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 and rules made there under. Refer Note 47 (iii) to the Financial Statements.
 - (ii) (a) The company does not have/hold any physical inventories. Accordingly, reporting under clause 3(ii)(a) is not applicable.
 - (b) The company has not been sanctioned working capital term loan in excess of five Crore rupees, in aggregate from banks or financial institutions on the basis of the security of current Assets of the company. Accordingly, reporting under clause 3(ii)(b) is not applicable.
 - (iii) In respect of Parties covered in the register maintained under section 189 of the Companies Act, 2013 ('the Act'), the company has not provided loans or provided advances in the nature of loans or stood guarantee or provided security to companies, Firms, Limited Liability Partnership or other parties.

Therefore, further reporting under sub-clause a), b), c), d), e), and f) of clause (iii) of para 3 of the order does not arise.
 - (iv) On the basis of examination of records of the company and in our opinion, in respect of loans, investments, guarantees, and security, provisions of sections 185 and 186 of the Companies Act, 2013 have been complied with, wherever applicable.
-

- (v) In our opinion and according to the information and explanations given to us, the company has not accepted any deposit within the meaning of section 73 to 76 of the Companies Act, 2013 and rules framed there under. Therefore, further reporting under sub-clause (v) of para 3 of the order is not applicable.
- (vi) We have broadly reviewed the books of account maintained by the company, pursuant to the Rules made by the Central Government for the maintenance of cost records under Section 148 (1) of the Companies Act, 2013 read with the Companies (Cost Records and Audit) Rules, 2014 as amended and are of the opinion that prima-facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determining whether they are accurate or complete.
- (vii) (a) According to the information and explanations given to us and based on our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including provident fund, employee State Insurance, income-tax, sales tax, value added tax, duty of customs, excise, service tax, goods and service tax, cess and other material statutory dues have been regularly deposited with the appropriate authorities during the year.

According to the information and explanations given to us, no undisputed material amounts payable in respect of provident fund, esi, income tax, sales tax, value added tax, duty of customs, excise service tax, goods and service tax, cess and other material statutory dues were in arrears as at 31 March 2025 for a period of more than six months from the date they became payable.

- (b) According to the information and explanations given to us, there are no material dues of income tax/sales tax/ service tax/GST/duty of customs/duty of excise/value added tax/cess and other statutory dues, which have not been deposited with the appropriate authorities on account of any dispute. However, according to information and explanations given to us, the following dues of income tax, sales tax, duty of excise, service tax, GST and value added tax have not been deposited by the Company on account of disputes:

Annexure - B to the Independent Auditors' Report on the Financial Statements of Super Spinning Mills Limited for the year ended 31 March 2025:**Report on the Internal Financial Controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

(Referred to in Paragraph 19 (A) (g) under "Report on Other Legal and regulatory Requirements" section of our Independent Auditor's Report of even date to the members of the Company on the financial statements for the year ended 31 March 2025)

Opinion

We have audited the internal financial controls over financial reporting with reference to the financial statements of Super Spinning Mills Limited ("the Company") as of 31 March 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting with reference to the financial statements and such internal financial controls over financial reporting were operating effectively as at 31 March 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's and Board of Director's Responsibility for Internal Financial Controls

The Company's management and board of directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting with reference to the financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to the financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to the financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to the financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to the financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting with reference to the financial statements included obtaining an understanding of internal financial controls over financial reporting with reference to the financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting with reference to the financial statements.

Meaning of Internal Financial Controls over Financial Reporting with reference to the financial statements

A company's internal financial control over financial reporting with reference to the financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to the financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting with reference to the financial statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to the financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to the financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to the financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The company is engaged in the manufacture and selling of cotton, cotton yarn and allied products and its shares are listed on the BSE Limited and National Stock Exchange of India Limited. The Company has its registered office in Elgi Towers, P. B. No-7113, Green Fields, Puliakulam Road, Coimbatore, Tamil Nadu, 641 045. The Company has complied with the provisions of the applicable Accounting Standards as notified under Companies (Indian Accounting Standards) Rules, as amended and in force, under the provisions of the Companies Act, 2013.

2 Basis of preparation of financial statements

Statement of compliance

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

Basis of preparation and presentation

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:

- a) Derivative financial instruments
- b) Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments)

Use of estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognised prospectively in current and future periods.

Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest lakhs (up to two decimals).

The financial statements are approved for issue by the Company's Board of Directors on May 23, 2025.

2A Critical accounting estimates and management judgments

In application of the accounting policies, which are described in note 2, the management of the Company is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

Notes to Financial Statements for the year ended March 31, 2025

Information about significant areas of estimation, uncertainty and critical judgements used in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

Property, Plant and Equipment, Intangible Assets and Investment Properties

The residual values and estimated useful life of PPEs, Intangible Assets and Investment Properties are assessed by the technical team at each reporting date by taking into account the nature of asset, the estimated usage of the asset, the operating condition of the asset, past history of replacement and maintenance support. Upon review, the management accepts the assigned useful life and residual value for computation of depreciation/amortisation. Also, management judgement is exercised for classifying the asset as investment properties or vice versa.

Current tax

Calculations of income taxes for the current period are done based on applicable tax laws and management's judgement by evaluating positions taken in tax returns and interpretations of relevant provisions of law.

Deferred Tax Assets (including MAT Credit Entitlement)

Significant management judgement is exercised by reviewing the deferred tax assets at each reporting date to determine the amount of deferred tax assets that can be retained / recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies, and managements judgement of positions taken in tax returns and interpretations of relevant provisions of law.

Fair value

Management uses valuation techniques in measuring the fair value of financial instruments where active market quotes are not available. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

Expected Credit Loss for Trade Receivables

The Expected Credit Loss for Trade Receivables are done based on assumptions about risk of default and expected loss rates. The assumptions, selection of inputs for calculation of impairment are based on management judgement considering the past history, market conditions and forward looking estimates at the end of each reporting date.

Impairment of Non-financial assets (PPE/Intangible Assets/Investment Properties)

The impairment of non-financial assets is determined based on estimation of recoverable amount of such assets. The assumptions used in computing the recoverable amount are based on management judgement considering the timing of future cash flows, discount rates and the risks specific to the asset.

Defined Benefit Plans and Other long term benefits

The cost of the defined benefit plan and other long term benefits, and the present value of such obligation are determined using projected unit credit method. Such method involves making various assumptions that may differ from actual developments in future. Management believes that the assumptions used in determination of the discount rate, future salary increases, mortality rates and attrition rates are reasonable. Due to the complexities involved in the valuation and its long term nature, this obligation is highly sensitive to changes in

Notes to Financial Statements for the year ended March 31, 2025

these assumptions. All assumptions are reviewed at each reporting date.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities could not be measured based on quoted prices in active markets, management uses valuation techniques including the Discounted Cash Flow (DCF) model, to determine its fair value. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is exercised in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

Provisions and contingencies

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the reporting date. The actual outflow of resources at a future date may therefore vary from the figure estimated at end of each reporting period.

2B Recent accounting pronouncements

Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions w.e.f. April 1, 2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its Financial Statements.

New standards and amendments issued but not effective – On 7 May 2025, MCA notifies the amendments to Ind AS 21 “Effects of Changes in Foreign Exchange Rates”. These amendments aim to provide clearer guidance on assessing currency exchangeability and estimating exchange rates when currencies are not readily exchangeable. The amendments are effective for annual periods beginning on or after 1 April 2025. The Company is currently assessing the probable impact of these amendments on its financial statements.

3 Material Accounting Policies

a) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- ii) Held primarily for the purpose of trading
- iii) Expected to be realised within twelve months after the reporting period, or
- iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- i) It is expected to be settled in normal operating cycle
 - ii) It is held primarily for the purpose of trading
 - iii) It is due to be settled within twelve months after the reporting period, or
-

Notes to Financial Statements for the year ended March 31, 2025

- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. Since, the Company is into Rental operations the normal operating cycle is not clearly identifiable, hence it is assumed to be 12 months.

b) Fair value measurement

The Company has applied the fair value measurement wherever necessitated at each reporting period.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i) In the principal market for the asset or liability;
- ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non - financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and the best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 : Quoted (unadjusted) market prices in active market for identical assets or liabilities;

Level 2 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and

Level 3 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company has designated the respective team leads to determine the policies and procedures for both recurring and non - recurring fair value measurement. External valuers are involved, wherever necessary with the approval of Company's board of directors. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

Notes to Financial Statements for the year ended March 31, 2025

For the purpose of fair value disclosure, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risk of the asset or liability and the level of the fair value hierarchy as explained above. The component wise fair value measurement is disclosed in the relevant notes.

c) Revenue Recognition

Sale of goods

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue on sale of goods is recognised when the risk and rewards of ownership (control) is transferred to the buyer, which generally coincides with the despatch of the goods or as per the inco-terms agreed with the customers.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment. It comprises of invoice value of goods including excise duty and after deducting discounts, volume rebates and applicable taxes on sale. It also excludes value of self-consumption.

Sale of services

Income from sale of services is recognised when the services are rendered as per the terms of the agreement and when no significant uncertainty as to its determination or realisation exists.

Interest Income

Interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Rental income

Rental income from operating lease is recognised on a straight line basis over the term of the relevant lease, if the escalation is not a compensation for increase in cost inflation index.

Dividend income

Dividend income is recognized when the company's right to receive dividend is established by the reporting date, which is generally when shareholders approve the dividend.

d) Property, plant and equipment and capital work in progress

Presentation

Property, plant and equipment and capital work in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs of a qualifying asset, if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in profit or loss as incurred.

Notes to Financial Statements for the year ended March 31, 2025

Advances paid towards the acquisition of tangible assets outstanding at each balance sheet date, are disclosed as capital advances under long term loans and advances and the cost of the tangible assets not ready for their intended use before such date, are disclosed as capital work in progress.

Component Cost

All material/ significant components have been identified for our plant and have been accounted separately. The useful life of such component are analysed independently and wherever components are having different useful life other than plant they are part of, useful life of components are considered for calculation of depreciation.

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of repairs and maintenance are recognised in the statement of profit and loss as incurred.

Machinery spares/ insurance spares that can be issued only in connection with an item of fixed assets and their issue is expected to be irregular are capitalised. Replacement of such spares is charged to revenue. Other spares are charged as revenue expenditure as and when consumed.

Derecognition

Gains or losses arising from derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

e) Depreciation on property, plant and equipment

Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life. The depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less 5% being its residual value.

Depreciation is provided on straight line method, over the useful lives specified in Schedule II to the Companies Act, 2013 except for the following items, where useful life estimated on technical assessment, past trends and differ from those provided in Schedule II of the Companies Act, 2013.

Assets Category	Estimated useful life (in years)
Plant and Machinery Single Shift	20
Plant and Machinery Triple Shift	10
Roads, fences, walls	15

Depreciation for PPE on additions is calculated on pro-rata basis from the date of such additions. For deletion/ disposals, the depreciation is calculated on pro-rata basis up to the date on which such assets have been discarded/ sold. Additions to fixed assets, costing 5000 each or less are fully depreciated retaining its residual value.

The residual values, estimated useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

f) Intangible assets

Intangible assets acquired separately

Intangible assets acquired separately are measured on initial recognition at cost. The cost of a separately

Notes to Financial Statements for the year ended March 31, 2025

acquired intangible asset comprises (a) its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates; and (b) any directly attributable cost of preparing the asset for its intended use.

Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

Useful life and amortisation of intangible assets

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period.

Estimated useful lives of the intangible assets are as follow:

Assets Category	Estimated useful life (in years)
ERP software and other software	5

The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets with indefinite useful life

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Subsequent cost and measurement

Subsequent costs are capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures, including expenditure on internally-generated intangibles, are recognised in the statement of profit and loss as incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

g) Investment property

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes).

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with Ind AS 16 - Property, plant and equipment's requirements for cost model. The cost includes the cost of replacing parts and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of the investment property are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in the statement of profit and loss as incurred.

Notes to Financial Statements for the year ended March 31, 2025

Company depreciates investment property as per the useful life prescribed in Schedule II of the Companies Act, 2013.

Though the Company measures investment property using the cost-based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on a timely evaluation performed by an accredited external independent valuer applying a valuation model.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss in the period in which the property is derecognised.

h) Non Current Assets Held for Sale and Discontinued Operation

Non-current assets and disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset (or disposal group) and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

A Component of an entity that either has been disposed of or is classified as held for sale and represents a separate major line of business or geographical area of operations, is part of a single co-ordinated plan to dispose of separate major line of business or geographical area of operation or is a subsidiary acquired exclusively with a view to resale

Non-current assets (and disposal groups) classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

i) Inventories

Inventories are carried at the lower of cost and net realisable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Costs are determined on weighted average basis as follows :

- i) Raw materials, packing materials and Store and Spare Parts : At purchase cost including other cost incurred in bringing materials/consumables to their present location and condition.
- ii) Work in progress: At material cost, conversion costs and appropriate share of production overheads
- iii) Finished goods and waste : At material cost, conversion costs, appropriate share of production overheads.

j) Financial Instruments

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instruments.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial

Notes to Financial Statements for the year ended March 31, 2025

asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified on the basis of their contractual cash flow characteristics and the entity's business model of managing them.

Financial assets are classified into the following categories:

- Financial instruments (other than equity instruments) at amortised cost
- Financial Instruments (other than equity instruments) at Fair value through Other comprehensive income (FVTOCI)
- Other Financial Instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Financial instruments other than equity instruments at amortised cost

The Company classifies a financial instruments (other than equity instruments) at amortised cost, if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

Financial instruments other than equity instruments at FVTOCI

The Company classifies a financial instrument (other than equity instrument) at FVTOCI, if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the company recognizes interest income, impairment losses and reversals and foreign exchange gain or loss in the profit and loss statement. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Financial instruments other than equity instruments at FVTPL

The Company classifies all other financial instruments, which do not meet the criteria for categorization as

Notes to Financial Statements for the year ended March 31, 2025

at amortized cost or as FVTOCI, as at FVTPL.

Financial instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. Where the Company makes an irrevocable election of equity instruments at FVTOCI, it recognises all subsequent changes in the fair value in other comprehensive income, without any recycling of the amounts from OCI to profit and loss, even on sale of such investments.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

Financial assets are measured at FVTPL except for those financial assets whose contractual terms give rise to cash flows on specified dates that represents solely payments of principal and interest thereon, are measured as detailed below depending on the business model:

Classification	Name of the financial asset
Amortised cost	Trade receivables, Loans to employees and related parties, deposits, interest receivable, unbilled revenue and other advances recoverable in cash
FVTOCI	Equity investments in companies other than Subsidiaries and Associates as an option exercised at the time of initial recognition.
FVTPL	Other investments in equity instruments, forward exchange contracts. (to the extent not designated as hedging instrument)

Derecognition

A financial asset is primarily derecognised when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Notes to Financial Statements for the year ended March 31, 2025

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance.
- b) Financial assets that are debt instruments and are measured at FVTOCI
- c) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115.

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS 116

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime Expected Credit Loss (ECL) at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 months ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, the Company considers all contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument and Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECL allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss, net of lien available on securities held against the receivables. This amount is reflected under the head 'exceptional items' in the profit and loss. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, which reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.
- Debt instruments measured at FVTOCI: Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that

Notes to Financial Statements for the year ended March 31, 2025

the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in profit or loss.

For assessing increase in credit risk and impairment loss, the company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

For impairment purposes, significant financial assets are tested on individual basis at each reporting date. Other financial assets are assessed collectively in groups that share similar credit risk characteristics. Accordingly, the impairment testing is done retrospectively on the following basis:

Name of the financial asset	Impairment Testing Methodology
Trade Receivables	Expected Credit Loss model (ECL) is applied. The ECL over lifetime of the assets are estimated by using a provision matrix which is based on historical loss rates reflecting current conditions and forecasts of future economic conditions which are grouped on the basis of similar credit characteristics such as nature of industry, customer segment, past due status and other factors that are relevant to estimate the expected cash loss from these assets.
Other financial assets	When the credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. When there is significant change in credit risk since initial recognition, the impairment is measured based on probability of default over the life time. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL and as at amortised cost.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial

Notes to Financial Statements for the year ended March 31, 2025

instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to profit and loss. However, the company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The company has not designated any financial liability as at fair value through profit and loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

The following table shows various reclassification and how they are accounted for:

S. No	Original classification	Revised classification	Accounting treatment
1	Amortised cost	FVTPL	Fair value is measured at reclassification date. Difference between previous amortized cost and fair value is recognised in P&L.
2	FVTPL	Amortised Cost	Fair value at reclassification date becomes its new gross carrying amount. EIR is calculated based on the new gross carrying amount.

Notes to Financial Statements for the year ended March 31, 2025

3	Amortised cost	FVTOCI	Fair value is measured at reclassification date. Difference between previous amortised cost and fair value is recognised in OCI. No change in EIR due to reclassification.
4	FVTOCI	Amortised cost	Fair value at reclassification date becomes its new amortised cost carrying amount. However, cumulative gain or loss in OCI is adjusted against fair value. Consequently, the asset is measured as if it had always been measured at amortised cost.
5	FVTPL	FVTOCI	Fair value at reclassification date becomes its new carrying amount. No other adjustment is required.
6	FVTOCI	FVTPL	Assets continue to be measured at fair value. Cumulative gain or loss previously recognized in OCI is reclassified to P&L at the reclassification date.

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

k) Foreign currency transactions and translations

Transactions and balances

Transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. However, for practical reasons, the Company uses an average rate, if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

The Company enters into forward exchange contract to hedge its risk associated with Foreign currency fluctuations. The premium or discount arising at the inception of a forward exchange contract is amortized as expense or income over the life of the contract. In case of monetary items which are covered by forward exchange contract, the difference between the yearend rate and rate on the date of the contract is recognized as exchange difference. Any profit or loss arising on cancellation of a forward exchange contract is recognized as income or expense for that year.

l) Borrowing Costs

Borrowing cost include interest computed using Effective Interest Rate method, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are directly attributable to the acquisition, construction, production of a qualifying asset are capitalised as part of the cost of that asset which takes substantial period of time to get ready for its

Notes to Financial Statements for the year ended March 31, 2025

intended use. The Company determines the amount of borrowing cost eligible for capitalisation by applying capitalisation rate to the expenditure incurred on such cost. The capitalisation rate is determined based on the weighted average rate of borrowing cost applicable to the borrowings of the Company which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing cost that the Company capitalises during the period does not exceed the amount of borrowing cost incurred during that period. All other borrowings costs are expensed in the period in which they occur.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred.

m) Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future tax liability, is recognised as an asset viz. MAT Credit Entitlement, to the extent there is convincing evidence that the Company will pay normal Income tax and it is highly probable that future economic benefits associated with it will flow to the Company during the specified period. The Company reviews the "MAT Credit Entitlement" at each Balance Sheet date and writes down the carrying amount of the same to the extent there is no longer convincing evidence to the effect that the Company will pay normal Income tax during the specified period.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. Where there is deferred tax assets arising from carry forward of unused tax losses and unused tax created, they are recognised to the extent of deferred tax liability.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Notes to Financial Statements for the year ended March 31, 2025

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

n) Retirement and other employee benefits

Short-term employee benefits

A liability is recognised for short-term employee benefit in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Defined contribution plans

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund and super annuation fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Defined benefit plans

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Compensated absences

The Company has a policy on compensated absences which are non-accumulating in nature. Expense on non-accumulating compensated absences is recognized in the period in which the absences occur.

Other long term employee benefits

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by the employees up to the reporting date.

Notes to Financial Statements for the year ended March 31, 2025

o) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term and the applicable discount rate.

Company as a lessor

Lease income from operating leases where the company is a lessor is recognised in income on a straightline basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature and materiality.

p) Impairment of non financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

q) Provisions, contingent liabilities and contingent asset

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Provisions are discounted, if the effect of the time value of money is material, using pre-tax rates that reflects the risks specific to the liability. When discounting is used, an increase in the provisions due to the passage of time is recognised as finance cost. These provisions are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Necessary provision for doubtful debts, claims, etc., are made if realisation of money is doubtful in the judgement of the management.

Contingent liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. Contingent liabilities are disclosed separately.

Show cause notices issued by various Government authorities are considered for evaluation of contingent liabilities only when converted into demand.

Notes to Financial Statements for the year ended March 31, 2025

Contingent assets

Where an inflow of economic benefits is probable, the Company discloses a brief description of the nature of the contingent assets at the end of the reporting period, and, where practicable, an estimate of their financial effect. Contingent assets are disclosed but not recognised in the financial statements.

r) Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances with original maturity of less than 3 months, highly liquid investments that are readily convertible into cash, which are subject to insignificant risk of changes in value.

s) Cash Flow Statement

Cash flows are presented using indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

Bank borrowings are generally considered to be financing activities. However, where bank overdrafts which are repayable on demand form an integral part of an entity's cash management, bank overdrafts are included as a component of cash and cash equivalents for the purpose of Cash flow statement.

t) Earnings per share

The basic earnings per share are computed by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate

u) Other Accounting Standards Disclosures

There are no transactions and disclosures to be made both for the year under report and the previous year presented, in respect of the following accounting standards:

Ind AS-102 - Share Payment, Ind AS-103 - Business Combinations, Ind AS-117/104-Insurance Contracts, Ind AS-106-Exploration for and evaluation of Mineral Resources, Ind AS-110-Consolidated Financial Statements, Ind AS-111-Joint Arrangements, Ind AS-112-Disclosure of Interest in other Entities, Ind AS-114-Regulatory Deferral Accounts, Ind AS-20-Accounting for Govt Grants and Disclosure of Govt Assistance, Ind AS-27-Separate Financial Statement, Ind AS-28-Investment in Associates and Joint Ventures, Ind AS-29-Financial Reporting in Hyperinflationary Economies and Ind AS-41-Agriculture.

(iv) Disputed Electricity Charges The Company is a shareholder of Andhra Pradesh Gas Power Corporation Limited (APGCL) and has been consuming power from the corporation in the past. The Company is also a power consumer with Southern Power Distribution Company Limited (SPDCL). There are several power disputes between APGCL, SPDCL and the Company (both in the capacity as shareholder of APGCL and as a power consumer of SPDCL) relating to past several years pending in different forums. The issues under dispute range from tariff rates, levy of wheeling charges, monthly rent consumption, peak hour energy allocation, surplus allocation charges, amongst others. Both APGCL and the Company have filed court cases against SPDCL and the issues are pending in various forums. The Company has obtained information that APGCL has suspended its operations as on date. Meanwhile an amount of Rs. 8,114.17 Lakhs (Previous Year Rs.6,957.64 Lakhs) (Current Consumption Charges Rs.3,663.08 Lakhs (Previous Year Rs.3,574.25 Lakhs) and Surcharge Rs.4,451.08 Lakhs (Previous Year Rs.3,383.39 Lakhs) appears as arrear outstanding in the electricity bills of SPDCL during the year. Despite the management's best effort to obtain the details and basis of charge of such unilateral claim made by SPDCL, the company has not been able to obtain any information from SPDCL and APGCL. The management has made an overall assessment of all such claims. The management has also considered the fact that some of the claims by SPDCL have been settled by the Company to APGCL and may not fall back on the Company. The management has also reviewed the status of the various disputes pending in different forums. The management has also taken note of APGCL's ability to timely defend legal cases considering that the corporation has suspended operations. Considering all the above factors, on the basis of available data the management has estimated an amount of Rs.1,907.56 Lakhs as Electricity Payables and provided an amount of Rs.852.24 lakhs (in the previous year Rs.700.32 lakhs) in the books of account as at March 31, 2025. Fair Valuation techniques :

Ind AS 113 specifies following valuation techniques to measure fair values:

i) Market Approach

- The market approach uses prices and other relevant information generated by market transactions involving identical or comparable (i.e. similar) assets, liabilities or a group of assets and liabilities, such as a business.
- For example, valuation techniques consistent with the market approach often use market multiples derived from a set of comparables. Multiples might be in ranges with a different multiple for each comparable. The selection of the appropriate multiple within the range requires judgement, considering qualitative and quantitative factors specific to the measurement.

ii) Income Approach

- The income approach converts future amounts (e.g. cash flows or income and expenses) to a single current (i.e. discounted) amount. When the income approach is used, the fair value measurement reflects current market expectations about those future amounts.
- It is a present value of all future earnings from an entity whose fair values are being evaluated or in other words all future cash flows to be discounted at current date to get fair value of the asset / liability.
- Assumption to the future cash flows and an appropriate discount rate would be based on the other market participant's views. Related risks and uncertainty would require to be considered and would be taken into

Notes to Financial Statements for the year ended March 31, 2025 (Rs. in Lakhs)

either in cash flow or discount rate.

iii) Cost Approach

- This method describes how much cost is required to replace existing asset/ liability in order to make it in a working condition. All related costs will be its fair value. It actually considers replacement cost of the asset/ liability for which we need to find fair value.”

Key Inputs to Fair Valuation

- The inputs refer broadly to the assumptions that market participants would use when pricing the asset or liability, including assumptions about risk.
- In order to establish comparability and consistency in fair value measurement, Ind AS 113 has made some hierarchy to define the level of inputs for fair value.
- The hierarchy is purely based on the level of inputs available for the specific Asset/ liability for which the fair value is to be measured.

Level 1 Inputs

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- A quoted price in an active market provides the most reliable evidence of fair value and shall be used without adjustment to measure fair value whenever available”

Level 2 Inputs

- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- If the asset or liability has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 2 inputs include the following:
 - i. quoted prices for similar assets or liabilities in active markets.
 - ii. quoted prices for identical or similar assets or liabilities in markets that are not active.
 - iii. inputs other than quoted prices that are observable for the asset or liability.”

Level 3 inputs

- Level 3 inputs are unobservable inputs for the asset or liability.
- Unobservable inputs shall be used to measure fair value to the extent that relevant observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at the measurement date.
- Unobservable inputs shall reflect the assumptions that market participants would use when pricing the asset or liability, including assumptions about risk.”

Fair Valuation principle :

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market

Notes to Financial Statements for the year ended March 31, 2025 (Rs. in Lakhs)

conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as explained herebelow.

Financial risk management objectives

The treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations through internal risk reports which analyse exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Company seeks to minimise the effects of these risks by using natural hedging financial instruments and forward contracts to hedge risk exposures. The use of financial derivatives is governed by the Company's policies approved by the board of directors, which provide written principles on foreign exchange risk, the use of financial derivatives, and the investment of excess liquidity. The Company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

Market risk

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Company actively manages its currency and interest rate exposures through its finance division and uses derivative instruments such as forward contracts and currency swaps, wherever required, to mitigate the risks from such exposures. The use of derivative instruments is subject to limits and regular monitoring by appropriate levels of management.

Foreign currency risk management

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company actively manages its currency rate exposures through a centralised treasury division and uses natural hedging principles to mitigate the risks from such exposures. The use of derivative instruments, if any, is subject to limits and regular monitoring by appropriate levels of management.

Forward foreign exchange contracts

It is the policy of the company wherever applicable to enter into forward foreign exchange contracts to cover (a) repayments of specific foreign currency borrowings; (b) the risk associated with anticipated sales and purchase transactions out to 6 months within 50% to 70% of the exposure generated.

Disclosure of hedged and unhedged foreign currency exposure

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Foreign currency sensitivity analysis

Movement in the functional currencies of the various operations of the Company against major foreign currencies may impact the Company's revenues from its operations. Any weakening of the functional currency may impact the Company's cost of imports and cost of borrowings and consequently may increase the cost of financing the Company's capital expenditures. The foreign exchange rate sensitivity is calculated for each currency by aggregation of the net foreign exchange rate exposure of a currency and a simultaneous parallel foreign exchange rates shift in the foreign exchange rates of each currency by 2%, which represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 2% change in foreign currency rates.

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year. Further the company is not exposed to foreign currency exposure during the FY:2024-25 and FY:2023-24.

Interest rate risk management

The Company is exposed to interest rate risk because it borrow funds at both fixed and floating interest rates. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings and by the use of interest rate swap contracts. Hedging activities are evaluated regularly to align with interest rate views and defined risk appetite, ensuring the most cost-effective hedging strategies are applied. Further, in appropriate cases, the Company also effects changes in the borrowing arrangements to convert floating interest rates to fixed interest rates.

Interest rate sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to interest rates for both derivatives and non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 25 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates. The 25 basis point interest rate change will impact profitability by INR. 5.49 lakhs for the year (Previous year INR.8.27 Lakhs)

Notes to Financial Statements for the year ended March 31, 2025 (Rs. in Lakhs)

Credit risk management

Credit risk arises when a customer or counterparty does not meet its obligations under a customer contract or financial instrument, leading to a financial loss. The Company is exposed to credit risk from its operating activities primarily trade receivables and from its financing/ investing activities, including deposits with banks, mutual fund investments, investments in debt securities and foreign exchange transactions. The Company has no significant net concentration of credit risk with any counterparty.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure is the total of the carrying amount of balances with banks, short term deposits with banks, trade receivables, margin money and other financial assets excluding equity investments.

(a) Trade Receivables

Trade receivables are consisting of a large number of customers. The Company has credit evaluation policy for each customer and, based on the evaluation, credit limit of each customer is defined. Wherever the Company assesses the credit risk as high, the exposure is backed by either bank, guarantee/letter of credit or security deposits.

As per simplified approach, the Company makes provision of expected credit losses on trade receivables using a provision matrix to mitigate the risk of default in payments and makes appropriate provision at each reporting date wherever outstanding is for longer period and involves higher risk.

(b) Investments, Derivative Instruments, Cash and Cash Equivalents and Bank deposits

Credit Risk on cash and cash equivalents, deposits with the banks/financial institutions is generally low as the said deposits have been made with the banks/financial institutions, who have been assigned high credit rating by international and domestic rating agencies.

Investments of surplus funds are made only with approved Financial Institutions/ Counterparty. The Company has standard operating procedures and investment policy for deployment of surplus liquidity, which allows investment in debt securities and mutual fund schemes of debt and arbitrage categories and restricts the exposure in equity markets.

Offsetting related disclosures

Offsetting of cash and cash equivalents to borrowings as per the consortium agreement is available only to the bank in the event of a default. Company does not have the right to offset in case of the counter party's bankruptcy, therefore, these disclosures are not required.

Liquidity risk management

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company invests its surplus funds in bank fixed deposit and mutual funds, which carry minimal mark to market risks. The Company also constantly monitors funding options available in the debt and capital markets with a view to maintaining financial flexibility.

Liquidity tables

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

45 Audit Trail

The Ministry of Corporate Affairs (MCA) has prescribed a new requirement for companies under the proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 inserted by the Companies (Accounts) Amendment Rules 2021 requiring companies, which uses accounting software for maintaining its books of accounts, shall use only such accounting software which has a feature of recording audit trail of each and every transaction, creating an edit log of each change made in the books of accounts along with the date when such changes were made and ensuring that the audit trail cannot be disabled.

Notes to Financial Statements for the year ended March 31, 2025 (Rs. in Lakhs)

The Company uses the accounting software “Tally” for maintaining books of accounts which has the facility of recording audit trail (edit log). The Company has enabled audit trail (edit log) facility in such software. However, the Company had not enabled the feature of recording audit trail (edit log) at the database level for the said accounting software Tally to log any direct data changes on account of the recommendation that enabling the same can impact database performance significantly.

46 Retirement benefit plans

Defined contribution plans

In accordance with Indian law, eligible employees of the Company are entitled to receive benefits in respect of provident fund and super annuation fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees’ salary. The contributions, as specified under the law, are made to the Provident Fund.

The total expense recognised in profit or loss of Rs. 1.27 Lakhs (for the year ended March 31, 2024: Rs.2.32 Lakhs) represents contribution paid to these plans by the Company at rates specified in the rules of the plan.

Defined benefit plans

(a) Gratuity

Gratuity is payable as per Payment of Gratuity Act, 1972. In terms of the same, gratuity is computed by multiplying last drawn salary (basic salary including dearness Allowance if any) by completed years of continuous service with part thereof in excess of six months and again by 15/26. The Act provides for a vesting period of 5 years for withdrawal and retirement and a monetary ceiling on gratuity payable to an employee on separation, as may be prescribed under the Payment of Gratuity Act, 1972, from time to time. However, in cases where an enterprise has more favourable terms in this regard the same has been adopted.

These plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk and salary risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to the market yields on government bonds denominated in Indian Rupees. If the actual return on plan asset is below this rate, it will create a plan deficit.
Interest risk	A decrease in the bond interest rate will increase the plan liability. However, this will be partially offset by an increase in the return on the plan’s debt investments.
Longevity risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan’s liability.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan’s liability.

Notes to Financial Statements for the year ended March 31, 2025 (Rs. in Lakhs)

The principal assumptions used for the purposes of the actuarial valuations were as follows:

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
Discount Rate	6.75%	7.20%
Rate of increase in compensation level	7.00%	12.00%
Rate of Return on Plan Assets	0.00%	7.75%
Attrition rate	5.00%	10.00%

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

	Year ended March 31, 2025	Year ended March 31, 2024
Amounts recognised in total comprehensive income in respect of these defined benefit plans are as follows:		
Current and Past service cost	0.31	0.70
Net interest expense	0.35	0.99
Return on plan assets (excluding amounts included in net interest expense)	-	(1.92)
Others	-	72.53
Components of defined benefit costs recognised in profit or loss	0.66	72.30
Remeasurement on the net defined benefit liability comprising:		
Actuarial (gains)/losses recognised during the period	-	-
Components of defined benefit costs recognised in other comprehensive income	-	-
	0.66	72.30

- i) The current service cost and the net interest expense for the year are included in the 'employee benefits expense' in profit or loss.
- ii) The remeasurement of the net defined benefit liability is included in other comprehensive income.

The amount included in the balance sheet arising from the Company's obligation in respect of its defined benefit plans is as follows:

Present value of defined benefit obligation	4.91	12.95
Fair value of plan assets	-	(7.38)
Net liability/ (asset) arising from defined benefit obligation	4.91	5.57
Funded	-	7.38
Unfunded	4.91	5.57
	4.91	12.95

Notes to Financial Statements for the year ended March 31, 2025 (Rs. in Lakhs)

The above provisions are reflected under 'Provision for employee benefits- gratuity' as per details below

Long term provisions (refer note 19)	4.76	-
Short term provisions (refer note 24)	0.15	5.57
	4.91	5.57

Movements in the present value of the defined benefit obligation in the current year were as follows:

Opening defined benefit obligation	12.95	139.06
Current service cost	0.31	0.70
Interest cost	0.35	0.99
Actuarial (gains) /losses	(0.56)	-
Benefits paid	(0.76)	(208.13)
Others	(7.38)	80.33
Closing defined benefit obligation	4.91	12.95

Movements in the fair value of the plan assets in the current year were as follows:

Opening fair value of plan assets	7.38	17.75
Return on plan assets	-	1.92
Contributions	-	13.50
Benefits paid	-	(25.79)
Actuarial gains/(loss)	-	-
Others	(7.38)	-
Closing fair value of plan assets	-	7.38

Sensitivity analysis

In view of the fact that the Company for preparing the sensitivity analysis considers the present value of the defined benefit obligation which has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

(b) Compensated absences

Expense recognised during the year on non accumulating compensated absences is Rs. Nil (previous year Rs. Nil)

Formula adopted for above Ratios:

Current Ratio = Current Assets / (Total Current Liabilities – Security Deposits payable on Demand)

Debt-Equity Ratio = Total Debt / Total Equity

Debt Service Coverage Ratio = (EBITDA – Current Tax) / (Principal Repayment + Gross Interest on term loans)

Interest Coverage Ratio = Gross Interest on term loans/ (EBITDA – Current Tax)

Return on Equity Ratio = Total Comprehensive Income / Average Total Equity

Inventory Turnover Ratio (Average Inventory days) = 365 / (Net Revenue / Average Inventories)

Trade receivables Turnover Ratio (Average Receivables days) = 365 / (Net Revenue / Average Trade receivables)

Trade Payables Turnover Ratio (Average Payable days) = 365 / (Net credit purchases / Average Trade payables)

Net Capital Turnover Ratio = (Inventory Turnover Ratio + Trade receivables turnover ratio – Trade payables turnover ratio)

Net Profit Ratio = Net Profit / Net Revenue

Notes to Financial Statements for the year ended March 31, 2025 (Rs. in Lakhs)

Return on Capital employed = (Total Comprehensive Income + Interest) / (Average of (Equity + Total Debt))

Return on Investment (Assets) = Total Comprehensive Income / Average Total Assets

Reasons for Variation if more than 25%**Current Ratio**
